Do you know what permits pertaining to water quality you need when starting a construction project?

This year's Annual SWPP workshop will teach you all about regulations from the Indiana Department of Environmental Management (IDEM), Indiana Department of Natural Resources - Water Division (DNR), and Army Corps of Engineers when disturbing ground for development.

The workshop will be held February 26th, 2010 at the Lawrenceburg Public Library Depot.
Registration will be from 9:00 AM - 9:30 AM.

If you would like more information about this workshop or to register contact Dearborn County SWCD.
